Michael
Dear Mr. Snider:

On behalf of the participants and members of the D.C. Metro Region of Federally Employed Women (FEW), please accept our sincere appreciation for presenting "EEO Cases and Representation: Hostile Work Environment" as part of our annual Regional Training Program (RTP) on November 3, 2004. I apologize that we did not have enough attendees to make it possible for you and Mr. Morris to return on November 4th. We did appreciate the valuable handouts that you left for those who were in other classes.

The participants continue to express how much they enjoyed their learning experience throughout the RTP. We appreciate your willingness to be one of our instructors. I personally enjoyed meeting you and wished that I could have had more time to talk with you.

We are already beginning the process of planning our RTP for 2005. I hope that you will consider returning to be an instructor for us in November 2005.

Again, thank you so much for sharing your time and expertise with us. We very much appreciated learning from you.

Sincerely,

Dawn
**Dawn M. Nester
